IT CONTROL CAN BE MADE EASIER ...

Anyone who wants to be honest about it will agree that those \$200 billion budget deficits are the result of Congressional log rolling by which means the members tack on items that appeal especially to their own states or districts and when they communicate with their constituents they can boast about what they did for the folks at home. Unfortunately the average Congressman or Senator has tunnel vision on matters of funneling Federal Funds back home and the overall National Good & Welfare makes no never mind.

There has been an idea kicking around in Washington for many years whose time surely has come. That is to enable the President to go down through appropriation bills and weed

### Fed Cattle Prices Mixed, Hogs Lower At Markets Monday

Market supplies of slaughter cattle were somewhat higher Monday and trade at the major markets was very uneven in the face of last week's heavy marketings and slaughter, all eyes were on the beef trade awaiting developments. Slaughter steers and heifers for the most part moved mostly sideways, with ups and downs largely a matter of picky attitudes on the part of the buyers. Slaughter cows and bulls at these particular markets were little changed for the most part.

Slaughter hogs met rough markets at all points and declines of \$1 to \$2 were in effect at most of the markets. Price trends, quotations on choice and prime steers and heifers and the mixed good and choice grades and on good to choice Holstein steers and U.S. 1-3 hogs scaling 200 to 280 pounds included:

OMAHA fed cattle fully steady. Steers \$59 to \$62.25 and \$68.50 to \$80.50. Holsteins \$58 to \$64.50. Heifers \$57 to \$59.90 and \$66 to \$68. Hogs mostly \$2 lower at \$42 to \$48.50. SIOUX CITY fed steers steady and heifers steady to 60 cents lower. Steers \$58.50 to \$61.15 and \$67 to \$69.50. Holsteins \$52 to \$58. Heifers \$56 to \$58.25 and \$54.50 to \$57. Hogs \$1.25 to \$2 lower at \$42.50 to \$49.25.

SIOUX FALLS fed cattle weak to 60 cents, spots 75 cents lower. Steers \$58 to \$60.50 and \$67 to \$69. Holsteins \$52 to \$54.50. Heifers \$57 to \$58.50 and \$54.50 to \$57. Hogs \$1.50 to \$1.75 lower at \$41 to \$43. ST. PAUL steers and heifers steady to firm and Holstein steers steady to 80 cents higher. Steers \$58 to \$59.50 and \$68.50 to \$69.50. Heifers \$56 to \$58.50 and \$54.50 to \$56. Hogs \$1 to \$1.50 lower at \$42 to \$48.50, one lot \$44.

KANSAS CITY high choice and prime steers steady to 50 cents higher and average choice and good grades steady to 50 cents lower. Heifers steady, spots 50 cents off. Steers \$59 to \$69.75 and \$68 to \$69.50. Choice Holsteins \$54.75 to \$56.50. Heifers \$56 to \$61 and \$65.50 to \$68.50. Hogs 75 cents to \$1 lower at \$42 to \$48.50.

### Senate Approves Drought Feed On Damaged Grains

Washington - The Senate approved legislation Thursday by Senator Lloyd Bentsen requiring the Secretary of Agriculture to sell damaged grain at reduced rates to drought-stricken ranchers. The Bentsen bill was approved unanimously by the Senate as an amendment to the Dairy and Tobacco Adjustment Act of 1983.

The West Texas ranch country has been hit as hard as any part of this nation.

### Cattlemen Lose In Dairy Bill Vote

Last week the Senate passed the proposed new dairy price support bill in substantially the same form it was passed by the Senate and House Agriculture Committees. In effect, the bill would cut price supports on milk by 20 cents per hundred from \$18.10 to \$12.90 retroactive to Oct. 1. Dairy men, who agree to reduce milk production from 10% to 20% for a period of 15 months, would be paid \$10 per hundred for milk not produced. Diversion payments are slated to begin as soon as USDA can draw up regulations and not later than Jan. 1, 1984.

About the only thing of importance that the beef cattle industry obtained on this version of the legislation was that the Secretary of Agriculture has discretionary power to schedule contracts with milk producers taking into consideration the impact of the milk program on the red meat industry.

Beef producers have been alarmed at the possibility that as dairy men cut low producing cows from their herds there would be somewhere between 500,000 to one million slaughter cows thrown on the market. This would further disrupt the beef and cow market, which are already under heavy pressure. Just a couple of weeks back the price of ground beef and fore-quarter cuts of beef were reported at the lowest points in four or five years in a nationwide survey. The red meat industry had tried to get changes in the dairy price legislation which would have softened this kind of blow to the red meat producers. However, Congressmen who have been busy with the high costs of agricultural programs this year gave these pleas little attention.

## Cattlemen Launch Cattle, Beef Research Program, Texas Development Bonds for Farmers, Ranchers Business in Place

Denver - A new marketing research program - designed to improve the cattle and beef marketing system - was announced today by the National Cattlemen's Assn.

The research, supported by contributions for Cooper Animal Health Products, will result in methods to determine beef and cattle values more accurately, said W. J. (Dub) Waldrup, NCA president. It also should lead to improvements in the market reporting system through which these values are communicated.

Specific grants to research institutions will be decided upon by the National Cattlemen's Foundation, Inc. (NCFI), a non-profit research and education corporation associated with NCA.

Support for the new program was pledged by J. L. (Jim) Maness, national sales manager for Cooper Animal Health, a national associate member of NCA. During a recent visit to NCA headquarters, Maness presented a "king-size" check facsimile to the foundation, as a token of actual payment to be made after Dec. 31.

"To support cattlemen and their research foundation in a practical way," Maness said, "Cooper is earmarking a portion of the proceeds from every dose of Rocking R brand cattle vaccines sold this fall, up to Dec. 31. We don't know now just what the amount of the check will be, but our goal is \$50,000."

(CONT. ON PAGE 15A)

Austin - Proclaiming the state's new Agriculture Development Bond Program "open for business," Agriculture Commissioner Jim Hightower introduced Friday his appointments to the three-member Agricultural Development Board that will oversee the program.

"As far as I'm concerned, we've scored a coup," Hightower said. "We've landed one of the most successful ranchers in the state, the president of one of the oldest food processing companies in the state, and one of the most respected bankers in the state. I couldn't be happier that people of this caliber have agreed to serve. Their experience will be invaluable."

Travis County rancher/businessman Mike Levi will chair the new board, Hightower said. Levi, a founder of the Red Brangus cattle breed, is immediate past president of the American Red Brangus Association and an active member of a number of other state and national cattlemen's organizations.

"I can't speak highly enough of Mike," Hightower said. "He's been one of the most active and articulate members of our Texas Family Farm and Ranch Advisory Committee, which keeps Gov. White and me informed about the problems of grassroots farmers and ranchers around the state. I rely heavily on him already and I'm extremely pleased that Mike has agreed to head up the Ag Development Board."

Kenneth L. Burgess of Littlefield will serve in the designated finance seat on the board, Hightower said. Chairman and chief executive officer of the Security State Bank in Littlefield, Burgess also is chairman of the Otton State Bank and the Muleshoe State Bank and serves as a director of Bank of the West in Lubbock and of Texas Independent Bank in Dallas. He also serves on the boards of Water, Inc., and the High Plains Research Foundation, and is a member of the Advisory Council of the Texas Tech School of Banking.

"We feel that in Ken Burgess we've gotten one of the top agricultural finance people in the state," Hightower said.

Ralph E. Velasco, president of Amigos Food Co., Inc., of San Antonio, will fill the Board slot requiring food processing and marketing industry experience. Amigos Food is one of the oldest family-owned food processing operations in the state, and Velasco is past president of the Texas Food Processors Association.

The Agricultural Development Board held its first meeting last Friday.

### Rocking M Salers Sale At Caldwell, Idaho, November 5

Weiser, Idaho-Rocking M Cattle Company has announced the Salers Sale-A-Bration Sale to be held Saturday, November 5, 1983 at the O.K. Livestock Sale Pavilion in Caldwell, Idaho. Sale time is 12:00 noon. The sale celebrates 100 years in the cattle business for the

Moore family as well as 10 years in the Salers business in the rugged Snake River ranching area of Idaho. Rocking M Ranch was member number 4 in the Salers Association. Selling will be 200 head including 20 head of fullblood and purebred Salers cattle, 70 head of percentage range bulls that were range raised in the roughest country in the Snake River Canyon; 10 club calves and 100 head of bred percentage heifers.

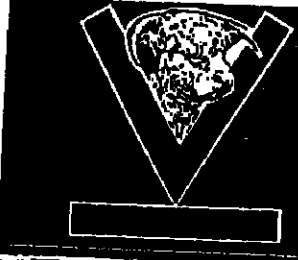

## GOOD BULLS

Are No Accident!

They are bred to be this way from championship bloodlines, performance built in, and raised on a set of big, good milking mother cows.

We invite your inspection of these nine big, stout, serviceable age sons of Centennial, the 1981 Denver Champion Bull and CL 1 Domino 860 that we have consigned to the Concho Hereford Sale, October 31, 1983, in San Angelo, Texas. These are a super set of bulls for your crossbreeding or purebred needs.

More information on these bulls available on request.

SALERS is one of the world's oldest breeds dating back 7,000 years to Egyptian cattle. SALERS excel in fertility, calving ease, carcass quality, and early maturity.

At the ROCKING M, we range calves our Salers heifers and do not assist births. Our bloodlines are the breed leaders in calving ease, performance, and carcass quality. They have won 23 Grand or Reserve Championships in 30 carcass shows including 8 out of 9 at National shows. At the 1983 Great Western Beef Expo, with 47 entries from 16 breeds, our pen of JET sired halfbloods was one of only two pens to index above 100 in all six traits and they did it at 14 1/2 months of age.

Move round bales as gently as hydraulics without leaving your pickup seat!

## Priefert Hay Dolly

No winches  
No hydraulics  
No electrical connections

**Don't Damage Your Roof!**  
When you get moisture under the roof of the bale, it can't dry out and this spoils the hay. The Priefert Hay Dolly never touches the roof, never drops or rolls the bale. With no bale damage, there's seldom bale spoilage. The Priefert Hay Dolly hooks to your pickup or tractor with only a simple pin hitch and trip rope. Because brakes are not required, the Hay Dolly works well in bad ground conditions. The simplicity of the Priefert bale mover will amaze you and assure you of a long, productive life for this unit. Write or phone for literature and dealer nearest you.

## Commodities Comment

### WEEK ENDING OCT. 6

The October massacre. That's the way traders are describing this week's price action for all commodities. Silver, gold and soybeans all experienced sharp declines early in the week. Silver dropped \$2.00 per ounce in 5 days. Soybean prices fell .84 cents in the same period. Livestock prices though held their own, until late in the week. Finally, unable to ignore falling grain and metal prices, hogs, bellies and cattle declined sharply on Thursday's trade. This type of "bear break in prices" is not unusual for October markets. The most bearish and widely known October break was in 1929. The commodity markets also experienced similar price collapses in 1977 and 1978. Let's hope the "bears" have had their way and prices will begin to stabilize. This week the "bears" in the pits were wearing all camouflage - if you were bull they shot you.

The grain markets remain extremely volatile. The fundamentalist argue that beans and corn are headed higher - the chartist say lower. As of late the bears have been in total command. Computer and professional selling have pushed soybeans to a 9 week low early this week. Many are now questioning the trend in grains. Looking at the charts, the "bear" argument seems solid. But, since the game never ends, we'll just have to watch the market and see where prices go.

If rationing of soybeans hasn't been accomplished as of yet, it certainly won't be done with lower prices! At this writing, November beans closed at \$3.80, December corn at \$3.52, and December wheat at \$3.71 3/4.

The Mercantile Exchange has markets equally as volatile as the grains. Cattle prices hit 8 week highs this week only to close sharply lower on commercial selling. The cattle market has been the real backbone of livestock prices in recent weeks. I have mentioned several times before that quality commercial buying in this market has been noticeably absent; however, over the past several days commercials have been quietly selling this market. This week's break in cattle prices was accomplished on heavy volume, that's not a positive sign for cattle prices over the near term. Hog and belly prices are trying to find a bottom, but so far there is none in sight. At this writing, October cattle closed at \$0.75, October feeders at \$0.88, October hogs at \$1.72, and February bellies at \$7.75.

## Fed Cattle Prices Mixed,

(CONT. FROM PAGE 1A)

\$41.50 to \$43.50. FEORIA steers steady to firm and heifers steady to firm, spots 80 cents higher. Steers \$59 to \$61 and \$38 to \$58. Heifers \$51 to \$54. Heifers \$57 to \$59.50 and \$55.50 to \$57.50. Hogs weak to 50 cents lower at \$40.50 to \$42.50. ST. LOUIS compared to last Tuesday fed cattle \$1 to \$1.50 higher. Steers \$52.50 to \$50.75 and \$57 to \$59. Heifers \$54 to \$55.50. Heifers \$55 to \$58 and \$54 to \$56. Hogs 50 cents to mostly \$1 lower at \$41.50 to \$43.

## S. K. Collins Horse Farm To Disperse Oct. 15 In McKinney

David Catching, Inc., has announced the complete dispersal by auction of the S. K. Collins Horse Farm in McKinney, Texas. Selling to the highest bidder will be horses, tack, trucks, trailers, real estate. Performance horses will be shown at 10 a.m. Tack and Equipment to sell at 11 a.m. and the horses will sell at 1 p.m.

Selling will be 85 head of Quarter Horses and Paints (cutting bred) including horses in training, brood mares and three-in-one packages, and yearlings. Also included in the auction is a 1988 Chev. crew cab diesel pickup, four horse trailer with dressin room, five saddles, horse walker, tractor and farm equipment, cattle panels, round bale hay trailer, goose-neck stock trailer, and assorted tack.

The real estate will also sell on October 15. It is located on the East side of McKinney on Highway 380.

For more information, contact: David Catching, Inc., 102 Collins Freeway, Row 2, Box 242, San Antonio, TX 78227, 612/677-8014.

NOTE: One last thought for soybean traders. Crop size at this time is not a major factor. The large commercials are watching demand. Unless the consumption of soybeans is radically reduced, a price explosion could occur this fall. Keep your eyes on bean exports, the crush and the U. S. dollar. Friends, we believe this is the finest set of 100 Hereford bulls you'll find offered anywhere. Bred to meet the commercial cowman's needs. Range Tested and Range Ready. And the heifers — (10 senior heifers — 5 heifer calves) are the kind that will add a plus to any breeder's herd.

All records on the cattle are fully documented and guaranteed. These are top performers from our breeding program — designed with the commercial breeder in mind.

Come early and listen to Johnny Lee Willis and his band play for us on the morning of sale day, we know you'll enjoy it. Sale Headquarters is the Holiday Inn at Ardmore, Okla.

### Red Angus Association Holds 30th Convention

The 30th annual Red Angus Association Convention was held September 22-24 in Bettendorf, Iowa. Former Secretary of Agriculture Earl Butz was featured speaker at the convention. Dr. Butz addressed Red

Angus Association members on the present state of agriculture, deprecating the prophecies of "gloom and doom" which have characterized media forecasts over the past several months. Butz challenged the group to pay close attention to the market and to be aggressive about beef to the consumer.

Also on the program were Steve Radakovich, Earlham, Iowa, and Ted Price, Omaha, Nebraska. Radakovich, a lifelong cattleman and a leader in the industry, spoke to the group about public relations and about marketing their breeding programs. Price, from Words and Music, Inc., conducted a short seminar on general advertising, including the concepts of name recognition, constant customer awareness, and being a consideration during critical buying moments on the part of the customer.

Robert M. Newman, Fayetteville, Tennessee, was re-elected president of the association. New members elected

### Red Angus Building Fund Gets Boost At Annual Convention

At their 30th annual convention, Red Angus Association members raised over \$67,000 in pledges and actual donations for the Red Angus Building Fund. The Red Angus Association national office is currently undergoing remodeling and expansion. When completed later this year, the breed headquarters will be more than twice its present size. The office is located on the northern edge of Denton, Texas, not far from the Dallas-Fort Worth metropolitan area.

In addition to the new Founders Club gained four new members during the convention. Those pledging to donate \$10,000 to the Building fund over a four-year period are eligible for the Founders Club. New members include Beckton Stock Farm, Sheridan, Wyoming; Fritsch Farms, McHenry, Illinois; Leachman Cattle Company, Billings, Montana; and Powell Red Angus Ranch, Howard, South Dakota.

Several members consigned animals to an elite Building Fund Sale, also held during the convention. A heifer sired

morning and is ready to begin accepting applications for projects to be financed under the new program, which was created earlier this year.

The program allows Texas counties to create local corporations to issue tax-exempt bonds to make low-interest financing available to farmers and ranchers to begin processing and marketing the agricultural products they produce. Hightower stressed that the bonds do not obligate the state in any way. Early interest in the program, Grand Champion in the National Junior Heifer Show.

Leachman Stamias 9928, the Great Slam Bull Champion of 1982-83, was home another Grand Champion bull at the Iowa show. He is owned by Leachman Cattle Company, Billings, Montana. Other exhibitors included Red Angus Ranch of Howard, Nebraska, Reserve Grand Champion bull, Leachman Three D 4082, owned by Leachman Cattle Company and Pendleton Red Angus.

For instance, one rancher wants to use the financing to integrate into the prepared Mexican foods. A Northeast Texas farmer wants to start a cotton gin cooperative for local farmers that now have to transport their cotton long distances and are at the mercy of other ginners. Three West Texas ranchers want to open a small retail outlet for their own beef. One West Texas farmer wants to start a winery. A couple of others want to build a facility to wash the squash they grow and bag. Some farmers in East Texas want to build a \$4 million plant to compress wood chips into pellets for use as fuel. And one peanut processor, concerned that his local peanut producers are going out of business, wants to bring the producers into the ownership of the company so they can make enough to continue producing the peanuts his company needs to stay in business.

W. D. Farr, Greeley, Colo., president of NCFI, said, "Initiation of our new program is a major step in improving marketing efficiency and making beef more competitive in the marketplace. We expect the new marketing research — which has been designated by the NCA Research Committee as a priority need — to identify problems in determining and reporting beef and cattle values."

"Our objective is to improve the entire marketing system, so that the most efficient and effective, in all phases of the cattle and beef industries, will be fairly rewarded. Now is the time for all of us in the cattle industry to do our part to keep the industry healthy."

worked very well. As a matter of fact there are 48 states which allow th' Governor to practice this kind of economy, and if one votes a worthy item, the law makers can always override. It has been used to effectively cut some waste from th' budgets in Texas and other states. What makes th' current Situation look good at this time is that some of th' leaders in Congress are on record as thinkin' it may be th' only way Government Spending will ever be controlled.

If enough of these Pork Barrel budget items could be pared there would be less enthusiasm in Congress for New Taxes and th' beautiful part is th' Congressmen would be able to go back home and brag about how he tried to get that useless item financed but that that oratory of So-and-So in th' White House flat whacked it out of pure cussedness. There ain't a better alibi than that, they might be doin' th' Nation a real service.

Ever thine, The Editor.

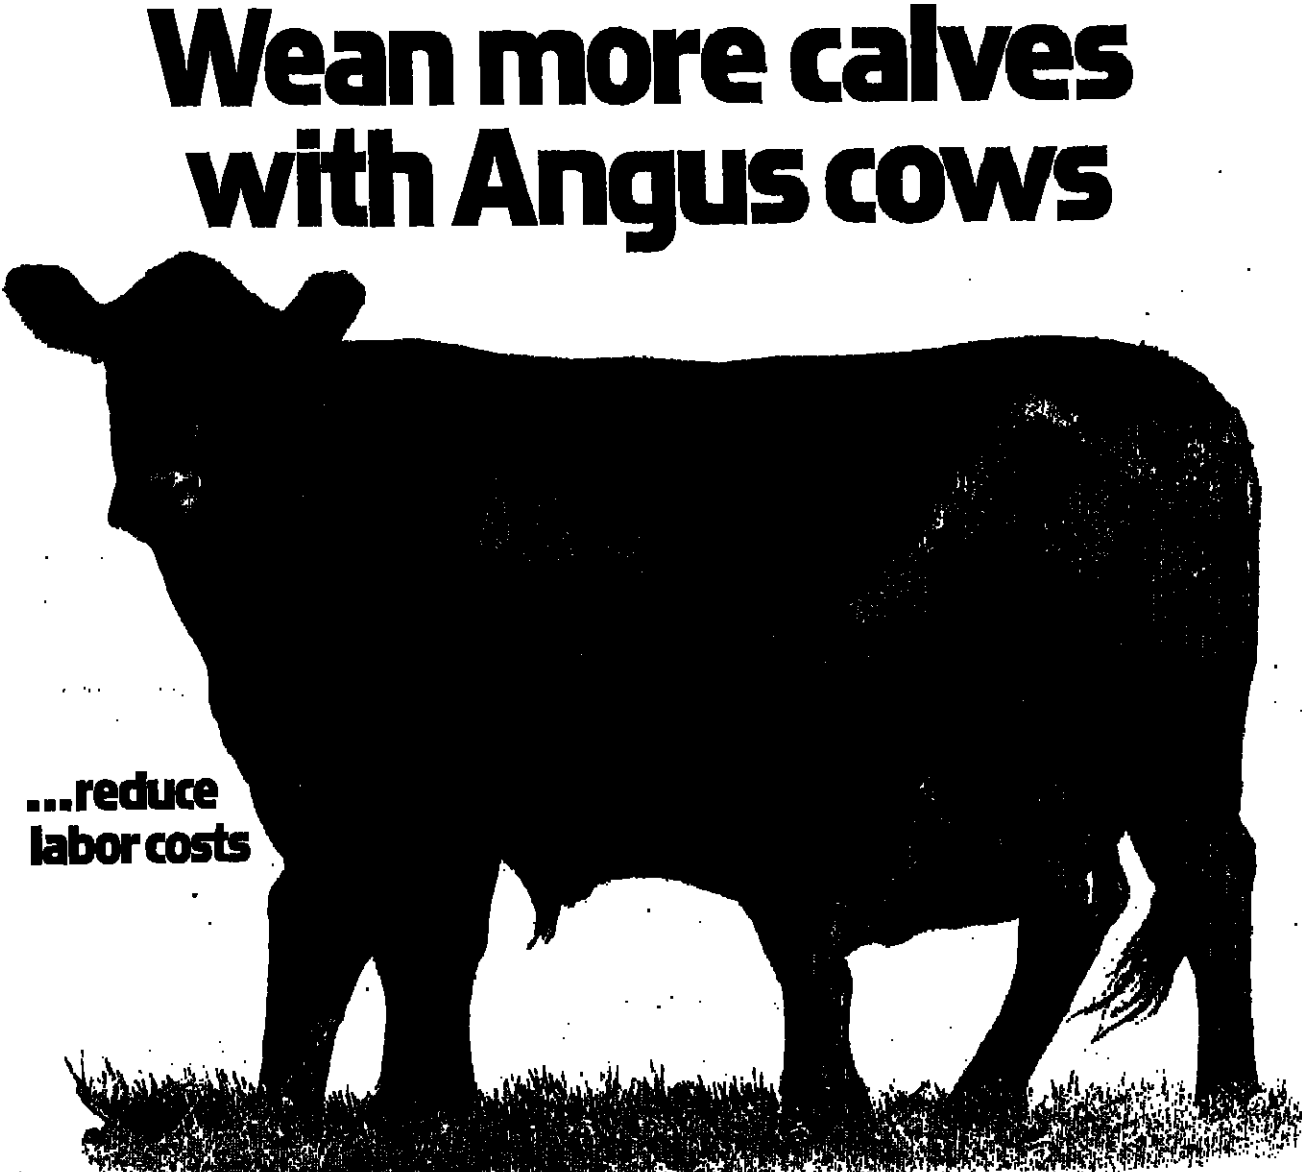

P.S. Uncle Dunk reports a news release from USDA which says a two-year investigation in Cleveland and Cuyahoga County, Ohio, disclosed 18 people had illegally taken \$128,804 in food stamps. Of these 14 were county employees and four were wives of county employees. In another case a woman had latched onto \$18,184 in food stamps and other welfare money for children she no longer had custody of. Those courthouse people were caught by a simple computer cross check of welfare and state retirement files. It should be well worth it for th' Govmint to hire enough extra help to do more of this and save billions of dollars. Incidentally, Courthouses and City Halls all over th' country could use some cleanin' up. Here in our home town we have had tax employees dipplin' into public funds and several indicted and th' same happened as some of th' City Haulers played fast

### National Junior Red Angus Association Holds Annual Meeting

The National Junior Red Angus Association met on August 18 in Des Moines, Iowa for its annual meeting. Twenty-five juniors from nine states attended the meeting, which was presided over by President Leland Leachman of Billings, Montana.

Leachman announced the two 1983 Junior Red Angus Scholarship recipients: Tad Sonsiegard of Montevideo, Minnesota, and Steve Nesemeler of Lanark, Illinois. Leachman then announced that the 1983 Junior Red Angus Queen was Shannon Klehl of Howard, South Dakota. It was voted that the Junior Red Angus Association will have three regional shows in 1984: one in Billings, Montana during NILE activities, one in Des Moines, Iowa during the Iowa State Fair, and one in Austin, Texas, to be held with a new all-breed junior expo in March each year. Three delegates were appointed to coordinate these events with the national office. They are: Leland Leachman, NILE; Jeff Heidebrink, Madrid, Iowa, Iowa State Fair; and Scott Orzowski, Kingsville, Texas, Austin Junior Expo. The Juniors also voted \$700 from their national fund for each of these shows.

The 1982-83 officers were all re-elected for a second term: President Leland Leachman, Billings, Montana; Vice-President — Fulton Greer III, Franklin, Tennessee; and Secretary-Treasurer — Tammy James, Searsboro, Iowa.

The most important single factor in making a profit with beef cows is to wean a higher percentage calf crop. Research shows that Angus cows settle fast, calve with ease, and wean more calves than other beef breeds.

**Fertility pays dividends.** In a recent 2-year test at Louisiana State University, Angus cows had a 15% greater pregnancy rate and weaned 10% more calves than Brangus cows.

In U.S. Meat Animal Research Center tests, 99.4% of Angus heifers reached puberty at 15 months of age—53 days sooner than Herefords and far sooner than the large continental breeds.

**Superior calving ease.** Moreover, Angus 2-year-old heifers, as well as mature cows, had fewer calving problems regardless of the bull used. These easy-calvers recycled faster, which means they could wean a heavier calf the following year.

Calving trouble is a problem no

cattle producer can afford. Five years of research at Texas A&M University, on a herd of Charolais cows, showed the average cost of calving difficulty was \$15.26 per calf weaned. The average cost of pulling a calf was \$85.50—the cost of a Caesarean section \$243.24.

**Get the traits you need.** Angus Herd Improvement Records (AHIR) help you take the guesswork out of female or bull selection. Angus breeders are the leaders in performance testing. They have nearly 2,000,000 AHIR records on file to identify seedstock with improved maternal traits, rate of gain, weaning weights or calving ease.

Remember too, with Angus cows there is no cancer eye, no dehorning, and no snow burned udders to add to your labor and management costs.

So join the leader. Let Angus cows help you wean more calves and lower your labor costs.

Denver — Expanded educational programs — to help cattlemen increase their profit opportunities — will be a highlight of the 1984 convention of the National Cattlemen's Assn.

The convention will be held Jan. 23-25 in New Orleans. The convention theme will be "The Winds of Change."

"Our industry continues to be buffeted by change," said W. J. (Dub) Waldrup, NCA president. "Cattlemen who attend the 1984 convention will obtain information which will help them cope with the changes, and they will hear suggestions on how to take advantage of new profit opportunities."

"No business decision can be any sounder than the information on which it is based. The educational sessions will provide cattlemen with outlook, management and other information which will help them make more profitable decisions."

The Monday, Jan. 23, schedule will include timely issue sessions sponsored by NCA committees. In addition, the Cow-Calfstocker, Feeder and Purebred Advisory Councils will present seminars for their respective industry segments on how cattlemen can survive and prosper in the business.

President Reagan has been invited to speak at the opening general session on Tuesday, Jan. 24. Also planned is a debate on farm policy.

Other educational features of the convention will include the annual trade show seminars held by trade show exhibitors, and the annual outlook session on Jan. 25, which is sponsored by Cattlemen's market analysis service associated with NCA.

A new feature at this year's convention will be an awards luncheon on Jan. 24 which will include presentation of the new NCA "Cattle Business Man of the Year" award, sponsored by Halston Purina Co., and the "Special Breed" award for development of new technology in beef cattle production, sponsored by the IBP Foundation.

The three-day convention program and trade show will be held at the Rivergate Convention Center. In addition to the program, the over-all NCA event will include committee meetings, the NCA business meeting and the annual meetings of CattleFax and the American National CowBelles.

A brochure with convention registration and hotel reservation forms was sent earlier to NCA members as part of their newsletter. Others who are interested in attending or exhibiting should contact the NCA Special Services Dept., P.O. Box 3489, Englewood, CO 80155 (303/684-0305).

Austin - A new bill passed here has been published by the Agriculture Commission to help transport carriers get per-  
sonnel recently derelict agricultural commodities.

The new permits are available provisions of a new Commission that exempts from RRC approval the transportation of the commodities for farmers, rural cooperative organizations, and points of production, processing, storage to any point of first sale.

The new rule is the result changes in state law by the Legislature. The law as amended agricultural commodities must include cotton, livestock, fresh fruits, and fresh vegetables.

To get one of the new agricultural commodity permits requires a carrier to comply with state laws on license and insurance required. Agricultural permits are valid throughout the state.

Excellent grew as the crowd at the exhibition of Brangus cattle of the 1988 National Show of Meat & Fiber Cattle Association was held at the Los Angeles County Fairgrounds, Pomona, CA, September 24-26. The show, recorded as the largest to date, drew 66 quality entries representing seven states.

Jim Williams, VCC Ranch, H. J. Williams, Jr., served as the official judge of the prestigious event. As Judge Williams noted through the black, carefully bred animals, he found VCC Crackerjack 101N to be the best animal.

Jim Grand Champion Brangus Crackerjack, a November 1st birth date.

WBR RVB Twin 236's "Tiny," owned by Vincent Cattle Company, ranked second.

T.C. Cow Creek Ranch, Mary Ann Williams, ranked third.

T.C. Willow Springs Ranch, B. Williams, ranked fourth.

Lettorini Ranch, Fayette, ranked fifth.

Brian Brangus, Siderdale, T.C. Williams, ranked sixth.

Also the senior champion of the show was the senior champion of the show.

# Hunting On Private Lands Can Benefit Landowners, Hunters

Port Collins, Colo. - Landowners should plan now for hunters who will be requesting access to their land this fall and winter.

"It is inevitable that hunters will ask for permission to access private land. Thinking about it ahead of time will enable landowners to avoid most conflicts and promote positive feelings between them and hunters," said Del Benson, Colorado State University Cooperative Extension Service wildlife specialist.

Benson advised landowners to let hunting management in their area be the responsibility of the landowner. Most hunters respect the privilege of hunting on private lands, but sometimes, landowners often deny access to everyone. He said, "That doesn't happen."

Benson said visitors should be told the rules, where they can hunt and the period of time that permission is granted (only that day, throughout the season, etc). Landowners should get the hunter's name, address, car license number and a signature. Any special rules should be emphasized.

"An arrowhead may be picked up with great excitement and pride. The person may not think that the landowner wouldn't approve," said Benson. The type of incident could lead to conflict when a simple comment about the arrowhead would have prevented any misunderstanding.

Hunters also can be an asset to landowners, added Benson. Visitors can become additional eyes and ears for the landowner, finding lost cattle and trespassers. Some even may help with a piece of fence.

"Good hunters care about the land and usually are willing to help," said Benson. The goal for both landowner and hunter should be to have respectful, responsible people on private property. "Good outdoor users want the best places tossed out as much as landowners do," said Benson.

There are laws against trespassing, damaging property, littering and gun violations. Violators should be removed, and/or turned in to authorities, said Benson.

"Personal bonds between hunters and landowners can become quite strong," he added. "Many landowners look forward to opening day because friends arrive."

# Winnings From Gambling Must Be Reported To IRS

From a tax standpoint, cash winnings from lotteries, races, games of chance, and raffles are viewed as income on the federal tax return, the Internal Revenue Service says.

Similarly, contest prize money and awards from employers are also considered as taxable income by the IRS and must be reported.

The IRS adds that property won in contests or donated by employers, such as household appliances, all-expense-paid vacations, cars must also be included in income as fair market value. Both cash and non-cash winnings are shown on Form 1041 as "Other Income."

The IRS notes that gambling losses may be deducted to the extent of the winnings if deductions are itemized.

# LSU Producers' Day Program, Sale Set

Baton Rouge, La. - The Louisiana State University Department of Animal Science will hold its annual Livestock Producers' Day program and a special sale of cattle, horses, sheep and hogs on November 19.

The Producers' day program will be held in the LSU Union beginning at 8:00 a.m. with sessions devoted to cattle, hogs, horses and sheep.

The sale, which will feature animals raised by the Department of Animal Science, will begin at 1:15 p.m. at the new LSU Beef Barn just south of the Baton Rouge campus on Dean Lane Drive. Included in the sale will be Hereford, Angus and Brahman cattle as well as horses, sheep and hogs.

Sale catalogs may be obtained from Dr. L. I. Smart, Department of Animal Science, LSU, Baton Rouge, La. 70803. Further information on the sale can also be obtained by calling 604/888-4911.

Lunch will be available at the site prepared by the LSU Block and Grille Club.

# SINGER BEEFMASTER BULLS

Changer was chosen as sire for these production bulls because of his proven qualities:

- Size (3 year old weight - over 2700 lbs.)
- Fertility (semen production phenomenal in quantity and motility)
- Disposition (an easy handling, gentle bull)
- Conformation (his ability to pass on his tremendous frame and correctness to his male and female progeny)
- Absence of calving problems (uniform calving weights, 70-75 lbs.)

Whether for crossbreeding or upgrading, you will not find a better selection to choose from.

## Estess Ranch Hosts Brangus Education And Inspection Program

A beautiful fall day provided a perfect setting for the well attended Brangus Education Program hosted by Estess Ranch, Grand Saline, TX. September 30, 1983. Approximately 250 cattlemen gathered from Mississippi, Louisiana, Arkansas, Missouri, Oklahoma and Texas, to participate in the educational seminar, designed to qualify Brangus breeders and/or any individuals interested in Brangus to be IBBA certified inspectors.

Dr. Henry Estess, owner of Estess Ranch, opened the morning program with a welcome and introduction of special guests. Estess then introduced Lofton Dunlap, manager of Plum Creek Ranch, Buffalo, TX and Noah England, England Brangus, Seminary, MS, who posed to Ring Eye for \$1850, in the Jerry Hardin BeeMASTER Consignment Sale. September 17 in Greenville, Texas. This was a consignment of Montgomery Properties of Azle, TX.

ly critiqued the cattle before members of the IBBA Inspection Committee for their approval of inspector eligibility. A review of the test cattle concluded the day's activity with the review being performed by Tracy Holbert, IBBA Director of Field Services and Glenn Richardson, Cherokee Brangus, Longview, TX.

Pharris Hereford Farms of Hillsboro, Texas, and Rawhide Trail Ranch from Austin, Texas, earned the grand champion honors in the West Texas Fair Polled Hereford show. Dr. Dave Ames of Colorado State University, Ft. Collins, judged the 63 females and 39 bulls that competed in the Sept. 22 show in Abilene.

Pharris stood at the top of the female show with junior division winner RPH Anita 37P. The champion is a March 1982 daughter of Gold Trophy Sire BT PRL Driver 536L. In the bull runoff, grand champion honors were captured

C3 Ranch hosted the Premier Junior and Adult Gertrude Association field day Saturday, September 17, at the ranch in Riesel, Texas.

Bill Barrett, Valley Mills, Texas, opened the program with a discussion and demonstration of selection of the show horse. Barrett used "Emeralds," show skelton, to point out structure as related to conformation. He said, "Skelton is proportional if the cow has a good hind end." Barrett said angularity is an indicator of femininity and fertility and males should be narrower through the hinders than the hind quarter. To illustrate this point, he used a mare box to indicate a coarse, virile-type female, a triangular box to indicate a fertile, eye-appealing female and a coffee can to represent a virginal female.

Thomas Blasingame, Assistant Manager of C-S Ranch, and Kenneth C. Manager of El Colina Ranches near Round Springs, Texas, described the heat-keeping systems they use and how these factors are used in selecting service animals.

Wyle Tulliaferro, Scurry-Rosser Livestock Advisor, described several halter training and gentling methods. He encouraged juniors to have confidence in themselves, practice patience and perseverance, tender loving care and give up.

Bill Burton displayed different types of baiters and lead ropes and discussed the pros and cons of each.

Mike Barnett, Manager, Joe Marston Ranches, Meridian, Texas, discussed vaccination and preventative measures (taken with the show string) at Joe Marston Ranches. He reminded baiters what they purchase hinders them if they have been calf-hood vaccinated; if they have not, he recommended having them vaccinated as soon as possible.

Gene Campbell, Premier Santa Gertrudis Association President, informed baiters that they are eligible to consign in three of the Premier Association

In the afternoon, everyone enjoyed a picnic lunch at the riverside, provided by G. Ranch and Premier mother. There were approximately 150 guests, members, parents and advisors in attendance for the first Premier Junior Day.

# NEW REBOUND

Keeps calves healthy to avoid stress

## Why Rebound Delivers

## How You'll Profit

**PNP Protected Natural Protein**  
PNP Protected Natural Proteins provide faster gains at lower cost. They pass the rumen to the fourth stomach which provides improved quality and quantity of protein available for fast growth. Tests show 27% better feed efficiency over soybean meal through better feed utilization.

**Tests show Terramycin promotes excellent gains at less cost.**

Test made by Pfizer comparing Terramycin with other popular antibiotics showed calves weighing an avg. 415 lbs. gaining 2.13 lbs./day at 6.3 lbs. feed/gain at 46.12¢ lb./gain with Terramycin. Competitive antibiotics provided less gain at 16% more cost.

**Combined buffers proven most effective over standard single buffers.**

Just like a person with indigestion, stressed calves need multiple buffers to treat acid build-up. The combination of Sodium Bicarbonate, Magnesium Oxide and Calcium Carbonate is most effective in controlling rumen PH.

**Calves stay healthy; keep gaining through stress periods.**

During the periods you expect sickness, weight loss and possible deaths, Rebound stress feed not only protects your calves, its unique protected protein formula produces as much as a 7% avg. daily gain over soybean meal. Tests showed an avg. 2.19 lb. daily gain on 236 to 430 lb. calves.

**Already sick calves get turned around quick.**

Rebound stress feed has higher levels of antibiotic. And, the medication is flexible so more can be fed at times of highest stress. Tests show Terramycin fed 2 grams/day gets calves healthy fast.

**Excellent results at an affordable price.**

By the bag you'll find Rebound stress feed very price competitive. More important, your calves efficiently gain with a minimum of feed.

## PRP Solves Special Problems With IRS

Experiencing an uncomfortable feeling akin to indigestion regarding an unresolved tax problem? If you have already tried the normal IRS remedies to solve your problem, the tax agency suggests you try its Problem Resolution Program (PRP) office.

The most common problems brought to the PRP office are complaints about missing refunds, mixed up social security numbers, incorrect billings by IRS, and situations caused by taxpayer error, the IRS says. They cautioned, however, that the Problem Resolution should not be used as a substitute for normal procedures.

Although most taxpayers will never need the services of PRP, the IRS says that taxpayers with a persistent tax problem will find PRP willing and able to help. Taxpayers can contact PRP through the IRS assistance number listed in the phone book under U.S. Government.

### Gayden To Speak At Stockmen's School

San Antonio - Harry P. Gayden, former executive secretary for the American Brahman Breeders Association will be featured as an "All-Time Agricultural Great" in the International Stockmen's School scheduled for January 8-13 at the San Antonio Convention Center. He was selected as the beef cattle honoree for this year's award.

Gayden, a Louisiana native, joined ABBA in 1948 as the association's first executive secretary. Under his leadership, the breed's herdbook increased from 100,000 head in 1948 to 525,000 in 1974 when he retired.

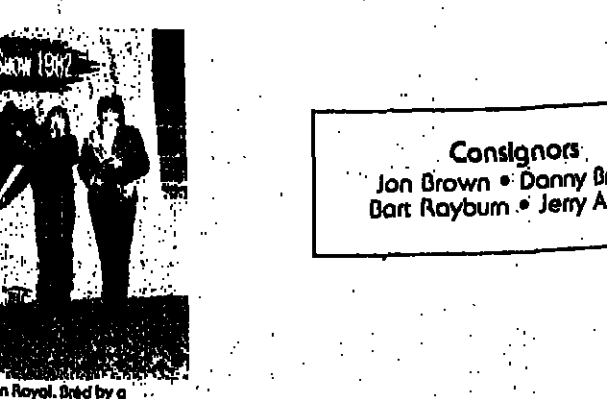

Gayden received his undergraduate degree in animal husbandry from Louisiana State University (L.S.U.) in 1929, and in 1981 was awarded an M.S. degree in dairy husbandry from the University of Minnesota.

Gayden will relate the historical points he has witnessed in the Brahman and beef cattle industries during his speaking session at the stockmen's school. Enrollees in the school have the opportunity to hear from four "All-Time Greats" in the livestock industry.

Stanley Stout was the auctioneer.

judge. Sale of the heifers will begin at 9:30 p.m.

The 25th Annual ARBA Membership Meeting will be held Saturday, November 19th at the Wyndham Park Hotel in Austin, TX. A continental breakfast will be served at 8 a.m. and the meeting will begin at 9 a.m. Lunch will be served at noon and the meeting will resume afterwards.

Highlights of the meeting will be the election of six new board members and an executive committee, a progress report on the formation of the Junior

ARBA, and Building, Finance and Advertising Committee reports for the coming year.

During the meeting, Dr. James M. McGrann and Jeanne Goins of Texas A & M University will discuss the potential uses for a computer in the farm and ranch business. Some of the potential Dr. McGrann will discuss are individual cow records, budgeting fence and vehicle costs, and farm and ranch accounting. After the meeting, Dr. McGrann and Ms. Goins will demonstrate several kinds of software beneficial to farmers and ranchers.

Headquarters for this exciting Red Brangus weekend will be the Wyndham Southpark Hotel located at the corner of IH-35 and Highway 71. To ensure a room, reservations MUST be made by November 8, because of a home UT football game that weekend. To reserve your room, simply fill in the order blank on the back of the Bull Pen and mail to the Wyndham.

Other events included in this special weekend are the Paleface Ranch bull sale at Spicewood Friday the 18th and the Jay & Laura Hastad's Red Brangus Bonanza, II, Sunday the 20th in Columbus.

The second annual West Texas Red Brangus Sale will be held Saturday, October 29th at the Granbury Reunion Grounds.

One hundred lots of high quality cattle with semen rights available with some lots will be sold. The sale offering is as follows: 1 bull, 40 open cows, 25 bred heifers, and 20 pairs.

According to Sale Manager Ronnie Farrington, "A featured portion of the sale is the Perry Ranches' dispersal of most of its herd."

All sale cattle have been inspected by a screening committee and will be available for inspection all day Friday and Saturday morning.

The sale consignors are: Bobby & Carol Daggs, Sam & Sherry Elrod, Don & Marry Johnson, James & Jill Caldwell, Keith & Sandra Acheson, Wesley Wilson, Billy Young, Carroll & Juanice McCoy, Clarence and Allan Reynolds, John Hill, Doug Warden, James & Debbie Pace, Dale & Lorraine McClure, and Jack & Dean Perry.

Everyone is invited to a dinner party hosted by the West Texas Red Brangus

Organization at the DeCordova Bend Estates Country Club Friday night.

The pre-sale party begins at 6:30 with dinner being served at 7:30.

Lunch will be served at 11:30 a.m. Sale headquarters will be the Lake Granbury Motor Inn. For reservations call 817/878-2891. Other accommodations are available at the Classic Inn, 817/878-8874.

### Rio Grande Valley Livestock Show Expands Red Brangus Division

Carlos Guerra and Dr. Donald Grigby are pleased to announce that initial efforts in support of an American Junior Red Brangus Association have already paid dividends.

Francis R. Cooper, General Manager of the Rio Grande Valley Livestock Show, favorably recommended and the executive committee approved two new Red Brangus divisions for their annual show which will be held March 18-19, 1984. The new divisions, which are in addition to the Rio Grande Valley Junior Red Brangus Halter division (open only to the four county area), will be an Open Junior Red Brangus Halter division as well as an Open Junior Red Brangus Bull Division.

The two new divisions are open to students throughout the country, ages 8-20, in F.F.A. or 4-H by November 1, 1983. The exhibitor must own and care for the animal from November 1, 1983 through the March 1984 show dates. Entries are due by January 15, 1984 and must be on the official show forms signed by the exhibitor's respective county agent or vocational agricultural teacher.

### East Texas Red Brangus Average \$803

The East Texas Red Brangus Organization held their first annual October Classic Red Brangus Bull Sale on October 1 at the Rusk County Agricultural Building near Henderson, TX. Ninety five bulls averaged \$803.

Top selling bull, consigned by Three Corners Ranch, Charlie and Nancy Parker of Gilmer, TX was a January 2882 son of RDH Dan 24/8. He brought \$3800 going to Paleface Ranch of Spicewood.

Another Three Corners Ranch consignment also aired by 24/8 brought \$2000 going to Phillip Conline from Devine. Following close behind at \$1900 were two other Three Corners consignments. One going to T L Ranch of Jacksboro, the other to Jerry Lancaster of Gladewater.

Volume buyers included T L Ranch and Neil Belle of Hempstead. Sale manager and auctioneers were Bert Reyes and Ellis Menchaca, Jr.

### Red Brangus Directory Wins Publication Awards

The 1983 ARBA Membership Directory was awarded three firsts, one second, and two Certificates of Merit at the recent 6th Annual Livestock Publications Council Awards Ceremony held in Kansas City, Missouri.

The Livestock Publications Council (LPC) is comprised of 87 livestock publications in the United States, Canada, and Australia. Out of the field of 83 publications represented, the 1983 ARBA Membership Directory ranked 8th in overall point standings.

### 1983 U.S. Beef Imports Under Voluntary Restraint

Washington - Secretary of Agriculture John Block today said the fourth quarterly estimate of U.S. meat imports for 1983 is below the level that would require quotas on imports under the Meat Import Act of 1979.

Based on estimates of available supplies and certain voluntary restraint agreements, imports of beef and certain other meats should total about 1.23 billion pounds - 1 million pounds below the 1983 trigger point of 1.231 billion pounds, he said.

The liver, weighing from three to four pounds, is the heaviest organ in the human body.

### Nominating Committee Announced For Red Brangus Meeting

George McAllister of San Antonio, TX was named chairman of the 1984 ARBA nominating committee responsible for presenting a list of new directors to be voted on at the 28th Annual Membership meeting November 12.

Members serving on the committee with McAllister will be Ron Jones of Lee McLean of McLean Ranch in Willard, MO.

Although nominations will be accepted from the floor November 12, members are encouraged to submit nominees in advance to the committee so that they may be contacted and their names placed on the ballot.

Any active ARBA member with suggestions should contact the nominating committee. Phone numbers of committee members are: McAllister 512/788-8586; Jones 512/476-7701; McLean 417/742-3873.

# Waldrup Hails Defeat Of Coal Slurry Pipeline Bill

Washington. — The defeat of the coal slurry pipeline bill in Congress was hailed by the president of the National Cattlemen's Assn. as a victory for agriculture.

W. J. (Dub) Waldrup said that his and other agricultural organizations were opposed to giving pipeline builders

federal eminent domain authority and to allowing the pipelines to export scarce water supplies from agricultural areas.

The U.S. House of Representatives by a vote of 182 to 285 turned down a bill granting federal eminent domain power to interstate coal pipeline companies.

"We felt that this legislation would have expropriated the rights of states to grant or withhold eminent domain and to control water," Waldrup said. "It ought to be up to the people in each state to decide whether to give a coal

# Final Plans Set For Fall All Breeds Bull Sale In Sealy

Final plans have been set for the Gulf Coast All Breeds Fall Bull Sale to be held at the Port City Stockyards in Sealy, Texas on October 28, 1983 at 1:00 P.M. Over 35 breeders of purebred cattle have consigned 180 bulls, representing 14 different breeds, to the sale.

These bulls will be arriving at Port City Stockyards on Thursday evening, October 27th. On Friday, October 28th, at 1:00 P.M. the bulls will be graded using the CBGA Grading system that was used at our spring bull sale. The judges for this sale will include cattlemen, cattle breeders, and livestock specialists. The bulls must score at least 88.0 from a possible 100 to sell in the sale on Saturday. The public is welcome to attend the grading on Friday.

Sales manager, John Joyce, states

# September Oil, Gas Drilling Applications

Austin. — A total of 2,387 drilling applications were processed by the Railroad Commission in September. In August, 12,320 applications were processed as oil and gas operators sought to avoid a \$100 drilling permit fee that went into effect on Sept. 1. The fee will provide funds for plugging abandoned wells and general enforcement of state pollution prevention laws involving oil and gas operations.

The success of our spring graded bull sale warranted a sale in the fall. Many commercial cattlemen in the Gulf Coast area put their bulls out on December 1st for breeding. Therefore, a fall bull sale such as this will give the cattlemen in our area a selection of bulls.

All bulls consigned to this sale will be fertility tested and guaranteed by the individual consignors. The bulls will have a test for tuberculosis and brucellosis and will be ready for shipment to any point in Texas.

Sale headquarters is the Countrywide Motel in Sealy, Texas located on IH 10 and Highway 36 (409/885-7407). For further information and catalogs contact World Sales, John Joyce, 1107 Cottondale Road, Wharton, TX 77884, AC 409/867-2212 or AC 713/842-2035 (Houston number).

# Forfeited Land Sale Raises \$1,296,870

Austin. — "We want the veterans of Texas to understand that paying 1/2 bill to the state of Texas is a serious thing. The Veterans Land Program is a privilege and not a right," stated board member Jack Rains at the October 1 meeting of the Veterans Land Board.

Rains' statement preceded the board awarding 51 tracts of land to Texas state-owned land that had been previously ordered forfeited by the board on June 24 due to delinquent payments. The sealed bid sale raised additional \$1,296,870 for the Veterans Land Program.

"It costs the taxpayers money to hunt down people who owe the program money. We walk the extra mile in every veteran but if this program is to be run like a business, people have got to take their contract obligation here seriously," Rains commented.

**ON FRIDAY, OCTOBER 28, 1983**  
**1:00 P.M.**

All bulls will be presented to a team of veterinarians who will sign them for structural soundness.

\*\*\*\*\*

The weight-per-day-of-age will be calculated on each bull and each bull will be individually graded by a group of commercial cattlemen.

\*\*\*\*\*

To be eligible to sell, a bull must receive a grade of at least 86 out of a possible 100.

\*\*\*\*\*

A champion from each breed will be selected and an overall "Super" bull will be chosen from the breed champions.

\*\*\*\*\*

A champion pen of F-1 heifers will be selected by a group of commercial cattlemen.

\*\*\*\*\*
